

introduction to optics 3rd pdf

I recently purchased the textbook (new) to review basic optics in preparation for an upcoming course. While the content appears accurate so far, I was a bit disappointed to find the entire textbook was in black-and-white. Particularly a textbook on optics! I will update this review after I have had more time to work through the book.....

Optics, Global Edition: NA: 9781292096933: Amazon.com: Books

Unlike static PDF Introduction To Optics 3rd Edition solution manuals or printed answer keys, our experts show you how to solve each problem step-by-step. No need to wait for office hours or assignments to be graded to find out where you took a wrong turn. You can check your reasoning as you tackle a problem using our interactive solutions viewer.
