Depending on the topic of interest, there are professional groups that review the quality and rigor of evaluation processes.. Evaluating programs and projects, regarding their value and impact within the context they are implemented, can be ethically challenging. Evaluators may encounter complex, culturally specific systems resistant to external evaluation.

The United States Agency for International Development (USAID) is an independent agency of the United States federal government that is primarily responsible for administering civilian foreign aid and development assistance. With a budget of over \$27 billion, USAID is one of the largest official aid agencies in the world, and accounts for more than half of all U.S. foreign assistance (which in ...

United States Agency for International Development - Wikipedia

The wide-reaching consensus around the normative and instrumental value of accountability, transparency, participation, and inclusion remains less solid than enthusiasts of these concepts might wish.

Accountability, Transparency, Participation, and Inclusion

Satellites are manufactured objects or vehicles intended to orbit planets, moons or celestial bodies. This glossary provides information on satellite-related terminology.
