Overview. The Workers Compensation Act 1951 (the Act) aims to provide timely, safe and durable return to work through effective injury management and income support to injured workers. It works in conjunction with work health and safety legislation which seeks to reduce the human and economic cost of work related injury through improvements in the management of health and safety in the workplace.

The principal-agent problem, in political science and economics, (also known as agency dilemma or the agency problem) occurs when one person or entity (the "agent") is able to make decisions and/or take actions on behalf of, or that impact, another person or entity: the "principal". This dilemma exists in circumstances where agents are motivated to act in their own best interests, which are ...
