

### **the creative economy how pdf**

The creative industries refers to a range of economic activities which are concerned with the generation or exploitation of knowledge and information. They may variously also be referred to as the cultural industries (especially in Europe (Hesmondhalgh 2002, p. 14) or the creative economy (Howkins 2001), and most recently they have been denominated as the Orange Economy in Latin America and ...

A command economy, or a planned economy, is where the big decisions are made at the centre by the government.. In an economic system the main decisions are, for example, allocating resources like labour, capital and oil. Prices, too, are controlled.In a command economy, these decisions are taken by a central body, usually the government.This system contrasts that of a market economy where all ...
